## Environmental Policy Statement

AFI-Uplift Limited (“AFI”) is committed to protecting and enhancing the environment. We recognise and accept that concern for the environment is an integral and fundamental part of our Company’s corporate business strategy and actively seek to minimize the environmental impacts of our business operations.

In acknowledging responsibility, AFI

- Aims to operate business in a sustainable manner
- Focus on objectives and targets to reduce our carbon footprint, seeking opportunities to minimise our resource
- Manage waste generated from our business operations according to the principles of reduction, re-use and recycling
- Measure environmental performance through audit and review processes
- Raise awareness and encourage environmentally responsible behaviour in the workplace by effective communication and training employees in environmental matters
- Communicate openly with all interested parties to improve the environment.

AFI operates an environmental management system which is written in accordance with legislative requirements. All employees are actively involved in the decision making processes either on an individual basis or through their representatives. The performance of both individuals and AFI are monitored to pre-determined standards with continual improvements being an integral part of our Company’s development.

It is the duty of all employees to take reasonable care of their own environment and that of others whilst carrying out their work, and to comply with all environmental instructions.

This Statement shall be displayed in all workplaces and communicated to all employees who will be notified of any subsequent changes.
