

DURATION

2 Days

WHO SHOULD ATTEND

This course is designed for first line managers - those who have to, or are about to, acquire supervisory responsibilities.

It provides an introduction to health and safety, welfare and environmental issues for those requiring an understanding of their legal responsibilities relevant to their work activities. It will provide a sound knowledge base to enable them to give valuable assistance in safely managing a construction site.

AIM

The aims and objectives of the two day course are to ensure that all those given supervisory responsibilities understand:

- ◆ Why they are carrying out their identified duties
- ◆ What is expected of them
- ◆ To ensure that they contribute to the safety of the workplace

AFI is pleased to be able to provide an extensive range of certified training courses in collaboration with Speedy Training.

Training grant aid is available for levy payers in accordance with the current CITB grants scheme.

For training held at your own location please ensure you make available a classroom suitable for the number of delegates attending, with a 240v power supply.

COURSE CONTENT

- ◆ Health and Safety Law
- ◆ Developing a Health and Safety Management System
- ◆ Occupational Health
- ◆ Fire Prevention and Control
- ◆ Risk Assessments and Method Statements
- ◆ Hazardous Substances
- ◆ CDM
- ◆ Working at Height
- ◆ PPE
- ◆ Manual Handling
- ◆ Accidents and First Aid
- ◆ Toolbox Talks

KNOWLEDGE

The objective of the course is to enable delegates to, by the end of the course:

- ◆ Understand the problems of the industry
- ◆ Have an understanding of how health and safety law is structured
- ◆ Identify how their supervisory role fits in with the manager in controlling the site safely
- ◆ Carry out risk assessments and understand the need for method statements
- ◆ Carry out site inductions, toolbox talks and method statement briefings
- ◆ Understand what is meant by proactive and reactive monitoring and appreciate their need

The training methods used for this course include a high proportion of discussion, best practice sharing, syndicate exercises and case studies, supplemented with classroom based tutorial. Delegates will be continuously assessed during the course in preparation for the final examination.
